To Whom It May Concern:

If you are getting this letter, then someone in your community cares about you! It could be a friend, co-worker or family member.

Please let me introduce the Nicholson Cancer Fund Inc. (NCF). NCF is a non-profit organization that focuses on the needs of cancer patients living in southwestern Pennsylvania. We provide support for local cancer patients experiencing financial strain because of their illness.

Once a year, a Memorial Ride brings together motorcyclists in Memory of Scott Nicholson. It was Scotts' wish to help those whom faced financial challenges because of lost work days, house hold utility cost, transportation cost, or lack of insurance. As a cancer patient himself, he understood the struggles.

We want to help. Enclosed, please find a blank "Referral Form". This form may be used by you in the event you are feeling a financial strain due to your illness. It is simple to use. For example, if you need help with utilities, then enclose copies of your bills. If you need help with co-pays, then include copies of your hospital statement. You may list as many as you like. Then have your Doctor, Nurse or Counselor sign "Referred by". Finally, fax or mail form back to NCF. Members of the Board will review your request then make a determination on the amount of award granted to you.

All information is kept confidential. We understand pride and dignity. We also understand the strain put on families dealing with this illness. It can be overwhelming. No one will know NCF helped you unless you tell them.

Now that you know about the NCF, please consider our services. If you have any questions, you may call me at the numbers listed above.

Best regards,

Constance Nicholson  
Vice President
